I can't believe I have to tell you this.

LISTEN HERE. Why should I have to tell you to vote? Have you really accepted that ignorance is bliss? Do you always use every one of those excuses? Is it that you are so dictated by your own personal pleasures, your own comfort, and your own world view, that your freedom has, in fact, enslaved you?

Freedom doesn't come for free. It comes with responsibility.

What are you, 17?

WAKE UP. The world is changing. And you have a chance to be a part of it. Voting is your ticket. Your licence to a better America. Remember how it all started. "We the People of the United States, in order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America." It's time to drive. And not be driven. It's a time for say. And not the said. It's time to vote. So get up. Get it together. And go. Let your stand matter. Let it show. Get out and vote the first Tuesday in November. 11/4/2008. If you don't vote, I'm afraid the joke's on you.

Don't make me tell you again.
